

Stonham Barns Park is a family orientated leisure park set in the picturesque countryside of Stonham Aspal in Suffolk.

The complex offers a large variety of things to do, whether its walking around and browsing through the unique shops or visiting the Suffolk Owl Sanctuary. We also have an amazing golf park with a variety of golfing activities. The world famous Tea Pot Pottery and Tea Room plus much more.

Situated just off the A1120 Tourist route you can find everything you need on site.

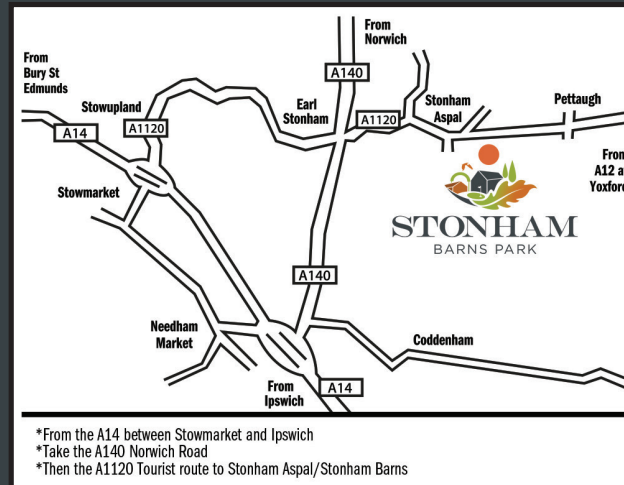

We have a local post office and village store where you can purchase those necessities.

Our shopping village is open 7 days a week. Please see our website for individual shop and attraction opening hours.

If you love to visit often then why not consider purchasing one of our holiday homes. Holiday for 11 months of the year and wake up to the beautiful view of our fishing lakes or golf course.

We look forward to your visit and hope you enjoy the upcoming events we have!

Thank you!
